

Northern Pygmy Owl / Scott Carpenter

Sponsor Private Work Parties

About Private Work Parties

Join Bird Alliance of Oregon for a Work Party at our Cornell or Marmot Wildlife Sanctuaries. Your team can help with trail construction and maintenance, invasive species removal, native plant planting, and other support of the wildlife sanctuaries as needed. It is a great way to build community and be active in nature together. Your participants will receive a complimentary one-year membership to Bird Alliance of Oregon to learn more about Oregon's birds, wildlife, and wild places.

In addition to benefits for your team, you'll be a proud sponsor, supporting conservation, environmental education, and wildlife rehabilitation in your community.
